Benefits of further training and professional development

In the modern world progress forges ahead - new technologies, programs, methods are constantly emerging. This is relevant both for the metropolis and for other small cities of our country.

Therefore, the modern employee constantly, along with self-education, is required to improve their qualifications, and often to retrain for an adjacent or very different specialty

Institute of professional development

Advertising and Public Relations
Strategic management of the enterprise
Management of state and municipal purchases. Contract Manager
Personnel Management
State and Municipal Administration
Jurisprudence
Accounting, analysis and audit
Integrated Internet Marketing
Effective Internet advertising
Marketing in Social Media
